JD (1)

1st Mr T Scott **CRANMOSS CASANOVA UNDER BRIDGESCOTT**. A very likeable sort of just 15 months, I liked his head, flat skull, dark eyes & pigmentation. Very good ears & an excellent reach of neck, fairly well ribbed & he scores in hindquarters which are well let down & with firm hocks. Coat a good texture & well presented, he is sound in action & it will be interesting to see how he looks once his colour clears. **BD**.

JB (1)

1st Mrs C & Mr W Forrest & Scott **LACARNAVEEN MARY KATE**. 13 months & I hope she grows on a little & fills out her frame as she is light all through at present. She is compact with a decent reach of neck, good bend of stifle & a soft coat. I'd like a little more strength in head but her eyes are good

PGB (1)

1st Mrs C & Mr W Forrest & Scott **LACARNAVEEN MARY KATE**. Litter sister to JB winner but much more forward. Has a bigger ribcage, firm loin, very good bend of stifle, sufficient substance in bone & is well muscled aft. She too needs to fill out her frame, her side action is impressive, with a powerful free stride.

LB (1)

1st Mr L & Mrs S Peacock **RIMBERT QUEEN ARAVIS**. I thought the best so far for sheer type. Compact, well ribbed & bodied denoting power & strength, terrific coat texture, good colour & presentation, strong rump & well set tail. Her head handles well, the eyes are a good size & they are so dark, ears can be a little unsettled at time. Moved out well. **R.BD**.

OB (2:1a)

1st Mr L & Mrs S Peacock **CRANMOSS MILLIE**. I see she is a daughter of Ch Tunde Bayou who was my RBIS winner at Crufts in 2003. Lots to admire, looks like a really smart example of the breed, was immaculately presented & all in all looks every inch a title holder. I liked her head, excellent pigmentation, correct eye colour, size & shape, beautiful neck & she is so well ribbed. Once into her stride she impressed in profile action. **BOB & G3** under the respected terrier expert Maurice Marshall.

G3 CRANMOSS MILLIE, Kerry Blue bitch, exciting to go over, great head good eyes, super coat & condition. Grand neck good & strong with extreme length. Lovely shoulders, good legs & feet, strong quarters & really strode out in movement. I hope she makes up shortly, she deserves it.
